Life style of every human being is decided by their education. Particularly their career is decided by their course and college in which they study. If their selection is good, obviously their future is better. Keeping this in mind, we started to prepare this type of higher education admission guide to the students' community.

Taking pharmacy studies to global levels

Pharmacy education in the country is set to undergo a sea-change in the next few years. The introduction of Pharm D., a six-year integrated postgraduate programme, is expected to take the country's pharmacy education to international levels.

Bright future for diploma holders in pharmacy

Did not get into B.Pharmacy course this year? There is no need to despair. For those who are serious about getting into pharmacy courses here is a golden opportunity that could not only provide an immediate job, but also a seat in the B. Pharma course directly into second year. The only drawback, one could say, is that it would take one more year extra to complete the B. Pharm course.

Nurses going places

The demand for professionally-qualified nurses and nursing tutors is increasing day-by-day in the country and abroad. This demand is likely to continue in the future also. To rise further in the profession, with the option of being engaged in teaching assignments, a Master's degree course in nursing is indeed a good choice.

This is only a sample data published on a Medical counseling Guide – 2010. For the latest information, buy a new book named as Medical counseling Guide – 2012.

TAMILNADU AGRICULTURAL UNIVERSITY

Tamilnadu Agricultural University is a leading agro technology provider of India and its graduates are recognized throughout the world. Though the Tamil Nadu Agricultural University (TNAU) came into being on June 1, 1971, it had its genesis from establishment of an Agricultural School at Saidapet, Chennai, Tamil Nadu, India as early as 1868 which was later relocated at Coimbatore during 1906.

The University is offering 12 undergraduate degree programs and 29 Postgraduate programs in 11 colleges distributed in seven campuses all over Tamil Nadu. The duration of these courses is four years (8 semesters) for undergraduate programs and four semesters for Masters and six semesters for Doctoral programs.

ADMISSION PROCEDURE

Application can be obtained by post by paying an application fee of Rs.670 (Rs.370 for SC/ST) as Demand Draft drawn in favor of Dean. The filled in application has to be sent to

the Dean on or before first week of June 2010. The same application can be used for applying to all 12 undergraduate programs of TNAU.

land line telephone number: 0424 – 2500073.

Toppers too prefer agriculture courses

The first phase of counselling for admissions - 2009 to undergraduate courses of the Tamil Nadu Agricultural University that began on June 23. Those with very high cut-off marks (199.00) also opted for the agriculture-based programmes of the university.

Nearly 7,000 candidates applied for any of the 12 disciplines in the year 2009. This was against the 3,600 that had applied in the year 2008. Those with cut-off marks from 199.00 to 157.00 were called for counselling, which was indicated that even those with very high profile have chosen agriculture.

TNAU counselling schedule - 2009

**PANDIT JAWAHARLAL NEHRU COLLEGE OF AGRICULTURE AND RESEARCH
INSTITUTE, KARAİKAL-609 603.**

(Govt. of Puducherry Institution and Affiliated to Tamil Nadu Agricultural University, Coimbatore)

Pandit Jawaharlal Nehru College of Agriculture (PAJANCOA) was established on 2nd October, 1987 at Karaikal in the Union Territory of Puducherry, as an autonomous educational institution by the Government of Puducherry. This college has the prime objective of imparting agricultural education and meeting the agricultural research and extension needs of the Union Territory. This college is governed by PAJANCOA (Karaikal) society with the Chief Secretary, Govt. of Puducherry as the Chairman and affiliated to the Tamil Nadu Agricultural University, Coimbatore for meeting its academic standards. This college has been upgraded as Research Institute in 1997.

**THE INDIAN INSTITUTE OF CROP PROCESSING TECHNOLOGY (IICPT)
THANJAVUR**

The Indian Institute of Crop Processing Technology (IICPT) is a pioneer Research and Development Institute under the Ministry of Food Processing Industries, Government of India. The Institute has its origin way back in 1967 when it was started as a R & D laboratory in the Modern Rice Mill complex of Thanjavur Co-operative Marketing Federation (TCMF) at Tiruvarur. The mandate of the Institute at its inception was to seek solutions for preserving high moisture paddy because the paddy harvest season in Southern India coincided with the tail end of the South West monsoon. The Institute was later upgraded as a national laboratory under the name Paddy Processing Research Centre (PPRC) in 1972. At the time of up-gradation the mandates of the Institute were also changed and the scientists in the Institute focused their research in identifying technologies for post harvest processing and preservation of paddy. The Institute was moved to its current location at Thanjavur in 1984.

The IICPT signed a Memorandum of Understanding with Annamalai University which facilitates offering B.Tech. (Food Process Engineering), M.Tech. (Food Process Engineering) and Ph.D. courses. The courses are offered jointly by both the organizations on a twinning mode. The IICPT is authorized to conduct these academic programs independently at its premises.

**TAMIL NADU VETERINARY AND ANIMAL SCIENCES UNIVERSITY
CHENNAI - 600 051.**

Tamil Nadu Veterinary and Animal Sciences University (TANUVAS), the first of its kind in India was established in 1989 with the mandate of providing quality education and to conduct Research and Extension activities in the field of Veterinary and Animal Sciences. The TANUVAS has three constituent colleges namely Madras Veterinary College at Chennai, Veterinary College and Research Institute at Namakkal, Fisheries College and Research

Institute at Thoothukudi and an Institute of Food and Dairy Technology at Koduvalli, Chennai.

Madras Veterinary College, Chennai

The Madras Veterinary College was established in 1903 and it has the unique privilege of being the first Veterinary College to be affiliated to Madras University as early as 1936. The centenary old college has modern teaching and research facilities and an excellent Teaching Veterinary Hospital attached to it.

Veterinary science gets 13 additional seats

The government has sanctioned an additional 10 seats for the Bachelor of Veterinary Science and Animal Husbandry (BVSc & AH) course and three for the Bachelor of Fisheries Science (BFSc) course in the Tamil Nadu Veterinary and Animal Sciences University (TANUVAS) from the year 2009. The seats are for non-resident Indians and foreign nationals.

TANUVAS increased seats in food science

Tamil Nadu Veterinary and Animal Sciences University (Tanuvas) have increased the number of B-Tech seats in the Institute of Food and Dairy Science at Koduvalli near Tiruvallur to meet the growing academic demand.

The Bachelors degree in food processing introduced by Tanuvas in 2006 has become a hit among the students and previously there are only 20 seats were available in the institute.

Food sciences

More and more youngsters are finding food sciences to be an attractive career option. Several courses, earlier perceived to be home sciences, have now branched off. There is a growing demand for experts in food preservation technology, especially with the increased awareness on health and hygiene. Several arts and science colleges offer different courses such as Nutrition and Dietetics, Food Service Management (FSM) and Food & Technology Management.

COUNSELLING SCHEDULE - 2009

ADMISSION TO MEDICAL COURSES
B.S.M.S./ B.A.M.S./ B.N.Y.S./ B.U.M.S./B.H.M.S.

LAST DATE FOR SUBMISSION OF APPLICATION: First Week of August (LYD: 05.08.2009)

DIRECTORATE OF INDIAN MEDICINE AND HOMOEOPATHY

Note: For the general instructions, refer the M.B.B.S instruction set mentioned earlier.

AGE LIMIT

Candidates should have completed the age of Seventeen years on or before 31st December 2009. Evidence should be produced.

EDUCATIONAL QUALIFICATIONS

Candidates should have passed in all the subjects of the qualifying examination of the Higher Secondary Certificate Examination (Academic) conducted by the Tamil Nadu State Board in one and the same attempt in the following group of subjects with the minimum eligible marks.

- (a) Physics, Chemistry, Botany and Zoology (or)
- (b) Physics, Chemistry, Biology with any other subject.
- (ii) Language qualifications for BSMS / BUMS Courses

SEATS RESERVED FOR EMINENT SPORTS PERSON

	BSMS	BUMS	BHMS
NO. OF SEATS RESERVED	1	1	1

Selection will be done by the Common committee constituted for this purpose at Anna University, Chennai. The mode of selection will be as per the guidelines given in Appendix – IV The candidates should submit two sets of attested Xerox Copies of certificates and testimonials of sports evidence along with application (one set will be transmitted to the Common Committee, Anna University) in the office of the Selection Committee in person on or before the last date prescribed for submission of application. Selection will be made by Common Committee at Anna University . Decision of the Common Committee shall be final.

Candidates are requested to arrange the certificates as per the serial number starting from June 2005 as given in the Appendix IV and submit along with the applications in person. All the particulars are to be filled up as per the guidelines given in the Annexure. The other eligibility conditions for admission to BSMS/BHMS /BUMS course will be applicable as in the case of General category.

Fund your Education**Comparison of Bank Loan Interest Rate - 2009**

S.No	Banks	Loans up to Rs. 4 lakhs	Loans above Rs. 4 lakhs to Rs. 7.50 lakhs	Loans above Rs. 7.5 lakhs
1.	Corporation Bank	11.5	13.0	11.5
2.	State Bank of India	11.5	11.25	11.0
3.	Indian Bank	12.5	12.5	12.75
4.	Union Bank	11.75	12.5	12.0
5.	Canara Bank	11.0	12.0	9.75
6.	Vijaya Bank	10.5	10.5	10.5
7.	Syndicate Bank	10.5	10.5	10.0

Many banks are offering education loans at varied rates of interest and students need to do extensive research to ensure that they get the best deal.

Look out for stiff upper limits and collateral requirements before you take the plunge. It's no secret that studying professional courses means shelling out big bucks. Be it in India or abroad, a medical/management/engineering degree can burn a sizeable hole in one's pocket.

Bank officials say the interest rates for education loans are distinctly lower than those for personal loans and the amount is not compounded for the education period, which means that **the recovery of loan starts after the studies are over.**

NTPC Scholarship Scheme

NTPC Limited, (A govt. of India Enterprise), 35 Scholarships for Scheduled Caste / Scheduled Tribe / Physically Challenged Engineering Students.

NTPC Limited, India's number 1 power generation company invites applications for grant of 35 Scholarships under NTPC Scholarship Scheme for meritorious Schedule Caste / Schedule Tribe / Physically Challenge Students, who have successfully passed their first year examinations in the first attempt in 2009, second year in 2010 and pursuing Third year full time Engineering degree course in any one of the disciplines of Electrical, Mechanical, Instrumentation, Computer Science, Electronics / Telecommunications from an Institute recognized by the Govt. of India in the session 2010-11

Reserve Bank of India - RBI Young Scholars Award Scheme

The Reserve Bank of India (RBI) has launched the RBI Young Scholars Award Scheme to generate interest and awareness about the Indian banking sector and RBI Under the Scheme, the RBI will select a maximum of 150 young scholars through a countrywide competitive examination and award a scholarship. Selection test will focus on the role and functions of RBI and banks in India and will be held in English as well as in all major regional languages. Selected candidates will be required to work on projects in select offices of RBI for 2 to 3 months and will be paid a consolidated stipend of Rs. 7,500/- per month during the duration of die project. RBI will assist outstation awardees in boarding and lodging. The awardees shall have no right/claim for an appointment in the RBI. Any candidate who had qualified and worked at RBI under the RBI Young Scholar Award Scheme in any of the previous years need not apply again.

NEW MEDICAL AND ITS ALLIED COURSES

Job opportunities galore in health sector

The healthcare sector in the country offers a large number of job opportunities for graduates of any discipline including business management.

The healthcare sector registered tremendous growth in the recent past. The healthcare spending in the country had gone up several folds and the awareness level among people on quality healthcare had increased significantly. The sector was expected to grow at the rate of 10.5 per cent per annum from 2025. The total worth of the health insurance sector in the country was over Rs. 60,000 core and it was growing fast every year.

New courses in allied fields of medicine

Among the new courses introduced are the M.Sc. in Radio Physics and the M.Sc. in Virology

The Tamil Nadu government has added some new courses and relaxed admission rules for certain paramedical courses, providing students an opportunity to choose a career in allied

Sanitary sciences

The Gandhi Gram Rural Institute, Dindigul, conducts a one-year post-graduate diploma in Sanitary sciences. The PG diploma is offered to candidates with a B.Sc. degree in Chemistry. Each year the institute admits 25 candidates, who are selected through an entrance examination. The subjects for the entrance test include chemistry and sanitation. A similar course was conducted about 15 years ago by medical colleges but was later discontinued. A qualified sanitary inspector would be appointed by the corporation or the municipality and is responsible for birth/death certification, and for conducting school health programmes. The sanitary inspector is also given authority to provide sanitation certificates to schools and check for discrepancies while issuing licences to schools.

Overseas nursing career

The professional success of even the most competent specialist doctor often requires the support and assistance of skilled nurses and paramedical personnel. Nurses from India have made their mark at the global level in the matter of competence and dedication to duty. There is a large demand for good nurses in the western countries, especially the U.S. The remuneration is handsome. However, those with a basic nursing qualification obtained in India cannot straightaway join the nursing service there.

BHMS degree

The National Institute of Homoeopathy, Salt Lake, Kolkata, an autonomous body under the Government of India has invited applications for an entrance test to be held on August 9 at Thiruvananthapuram, Chennai, Hyderabad, Mumbai, Bhopal, New Delhi and Kolkata for admission to the five-and-half-year BHMS degree course in homoeopathy.

Application form can be downloaded from www.nih.nic.in. Filled-in application forms should reach the Director on or before July 20.

Career vision

Shri Prakash Institute of Optometry, an education initiative of Dr. Agarwal's Eye Hospital and Eye Research Centre, Chennai, is offering an optometry course for students who have

passed the Plus Two examination with a minimum of 50 per cent marks in physics, chemistry, biology and/or mathematics.

The four-year B.S. optometry course will provide students with a scientific understanding of vision and develop their clinical skills for professional practice. Students who pass out have a number of career options, the course organizers say, such as independent practice, retail optometrist outlets, employment in eye hospitals, teaching and working for the contact lens industry.

The country needs at least 45,000 optometrists.

Applications are available at Dr. Agarwal's Eye Hospital, 19, Cathedral Road, Chennai - 600 086, ph: 044-28112525; e-mail: optometry@dragarwal. Com.

Audiometricians

Audiometricians are urgently required by ENT specialists but they are in short supply. Now that the government has launched its National Programme for Prevention and Control of Deafness, the need is more acutely felt, the specialists say.

An audiometrician is as important to the field of ENT as an optometrist is to ophthalmology. But, most audiometricians are trained in-house and later absorbed by the hospital.

The All India Institute of Speech and Hearing, Mysore, offers extension classes in 12 centres. The virtual mode course admits students who have passed Class XII through the science stream.

The course is offered in Puducherry's JIPMER, Mumbai, Cuttack, Jabalpur, Ranchi, Imphal, Lucknow, New Delhi, Ajmer and Shimla. The students get practical training in hospital during the morning hours. The afternoon sessions are devoted to theory classes that are beamed across all the centres.

In many private universities and institutions, where a degree course in audiology is offered, audiometry is taught as part of the course. Audiometry tests are used to detect hearing problems and are not a diagnostic method. An audiometrist helps evaluate hearing loss, identifies impairment and advises on medical treatment.

Audiometry test done at the Sri Ramachandra University's audiology and speech therapy department. But, there are not enough audiometricians.

A qualified candidate can expect to earn Rs. 5,000 to 10,000. Candidate could also opt for a B.Sc. in audiology and they are offered exemptions based on their qualification and experience. The audiometrist is authorized to instruct the employees on using protective

equipment for the ear and taking steps to reduce noise levels. The audiometrist helps identify hearing protection zones and restricts access to noisy areas.

Optometry, a rewarding career

Ever considered pursuing a career in optometry? Did you know that it is one among the top 10 income-earning professions internationally? With the demand for optometrists increasing phenomenally during the past few years, it is emerging as a rewarding career option for those interested in patient care, research and education.

Optometry combines the humanistic touch of medicine and the technological challenges of engineering. Optometrists provide comprehensive eye and vision care. Their job involves detecting, diagnosing and managing eye diseases and help rehabilitate individuals with permanent vision loss.

At present it is estimated that there are about 8,000 fully-qualified optometrists in the country, which is way too less when compared to the number of cases. The number amounts to one optometrist for every 1.25 lakh people and there is a lot of demand for qualified professionals, says Vijaya K. Gothwal, Head of Department, Meera and L.B. Deshpande Centre for Sight Enhancement, L.V. Prasad Eye Institute, Hyderabad.

Some of the optometrists even take up scientific research apart from academics and management and marketing. Optometrists can also take up jobs in the contact lens, spectacle manufacturing, optical devices manufacturing units and pharmaceuticals. They have an advantage as they can address issues such as product design.

Also, special grants are available for optometrists to pursue higher education abroad, apart from getting jobs once they finish the course.

It is one of the few courses where students get scholarships easily to pursue education in international colleges. And once the student graduates, their starting salary is around Rs.15,000 to Rs. 30,000 per month.

The four-year course is split into eight semesters. During the first two years, students will deal with theoretical aspects of optometry and the clinical experience at the institute will be for last two years. At the end of the course, students will be awarded the Bachelor of Science (BS) optometry. Contact 3061 5802, 3061 5803 and e-mail at 'blso@lvpei.org'.

AIISH offers diploma in hearing, speech

All India Institute of Speech and Hearing (AIISH) in association with Jawaharlal Nehru Medical College, Bihar, is offering a diploma in hearing, language and speech (DHLS) through quasi-distance modem.

A website of the Centre for Rehabilitation and Education through Distance Mode (www.aiishcredm.in) will be launched.

Careers in clinical research

Clinical research deals the responses of human subjects to drugs and medical treatments. This area of medical science ensures that a new drug complies with the agreed standards. It evaluates medical treatments and diagnostic tests.

Institute of Clinical Research India is a premier institute offering M.Sc Clinical Research at its Mumbai, Delhi, Ahmedabad and Bangalore campuses.

The institute has tie-up with Cranfield University, UK and the students can choose to pursue the course in UK. Either way, students receive the degree from the university.

The eligibility criterion is a bachelor's or master's degree in Bioscience/ Life Sciences (with any of Botany, Zoology, Biochemistry, Microbiology, Genetics, Biotech as subjects) with at least 50 per cent marks or bachelor's or master's degree with Chemistry as a subject with at least 50 per cent marks or bachelor's or master's degree in Pharmacy or Pharmaceutical Sciences or medicine or bachelor's or equivalent degree/ diploma in Nursing. The admission procedure involves written examination and personal interview. For more log on to www.icriindia.com and www.cranfield.ac.uk

Manipal Universal Learning, Bangalore offers Diploma in Clinical Research and Regulatory Affairs. For details, log on to www.crra.manipal.edu

Nexus Clinical Research Institute, Delhi offers Advanced Comprehensive Post-Graduate Diploma in Clinical Research in both regular and distance modes. Candidates with degrees like MBBS/ MD/BDS /BAMS/ BHMS/ B.Tech (Biotechnology/ Pharmaceutical Science)/ B. Pharmacy/ BVSC/ B.Sc (Nursing)/ B.Sc/ M.Sc/ M.Pharmacy/ M.Sc/ MA (Statistics) can apply for the course. For details, log on to www.nexus-cri.org

These institutes also offer placement services to their students. Students can seek employment in pharmaceutical companies, hospitals, government organizations, research organizations and educational institutes. Some roles they can assume are clinical investigator, site coordinator, research associate, medical writer, auditor or manager of a clinical project.

Scholarship to pursue medicine

The government has announced scholarships for SC, ST and converted Christian students to pursue medicine. The scholarship is available for those who have cleared the All India Entrance Test for MBBS or PG diploma course and wished to pursue a course in a government medical college in any part of the country. The eligibility criteria is that the

students should have scored 90 per cent and above in Plus Two exam, cleared the entrance test and obtained a seat through Medical Council of India in any government-run medical college other than Tamil Nadu.

Free training programme in hospitality

A free hospitality training programme to provide employable skills to unemployed youth in the hospitality sector will be organised by Institute of Hotel Management Catering Technology and Applied Nutrition.

Anyone in the age group of 18 to 25 years, who has passed eighth class is eligible for the programme. Details on 040-27427898.

Welcome step for pharmacy graduates

The All India Council for Technical Education (AICTE) will conduct an exclusive Graduate Pharmacy Aptitude Test (GPAT) from the year 2010 for M.Pharm. admissions to pharmacy institutes across the country.

GPAT is likely to help more pharmacy graduates secure MHRD scholarships and fellowships.

At present, as many as 990 pharmacy degree colleges have been recognized by the AICTE. About 700 of them are more than three-years old.

As per the NMC recommendation, AICTE has entrusted the conduct of examination to Maharaja Sayajirao University of Baroda, Vadodara.

Examination, will hold GPAT 2010 on May 2. B.Pharm. degree holders and final year students can apply for GPAT 2010. GPAT-2010 will be held in 61 cities across the country. There will be only two centres in Kerala.

The other examination centres in South India are Chennai, Bangalore, Warangal, Thirupathi, Thiruchirapally, Mangalore, Guntur, Hyderabad, Coimbatore, Chidambaram, Visakhapatnam, Vijaywada, Khammam, Thiruvananthapuram and Kochi

One needs to pay Rs.1,000 for the application form. However, SC/ST and physically challenged candidates need to pay only Rs.500.

Application forms will be issued until February 20. The last date to submit completed OMR application form is March 18. The GPAT 2010 examination will be held on May 2 along with JAM 2010, the joint admission test for M.Sc. and other post-B.Sc. programmes of IITs. The results will be announced on May 24 evening.

For details and results, candidates can log on to www.msubaroda.ac.i or www.gpat.in.

Most colleges indicate that GPAT qualification is mandatory not only for MHRD scholarships but also for M.Pharm. admission. Although there are about 50,00 M.Pharm. seats all over India. The GPAT 2010 syllabus covers such areas as natural products, pharmacology, medicinal chemistry, pharmaceuticals, pharmaceutical jurisprudence, pharmaceutical analysis, biochemistry, microbiology, and clinical pharmacy.

Why not BPHS?

The shortened three-and-a-half year BRMS course (Bachelor in Rural Medicine and Surgery), proposed by the Medical Council of India, needs a fresh look. The reason for this new course is based on the opinion that MBBS graduates are reluctant to serve in the rural areas.

The eligibility for the BRMS course is 10+2 like the regular MBBS course, but the selection is open for rural students prepared to serve in rural areas.

The entry, selection, opportunities and further career choices are similar. The syllabus and curriculum differs. The BPHS with emphasis on Public Health, Primary Care, Family Welfare, Demography, Environment, may serve the rural areas better. Internship should be in rural areas with exposure to Therapeutic Medicine.

A career with tremendous scope

Physician assistant (PA) programme is an American concept. This profession came into existence in the U.S. in the mid-1960s due to the shortage and uneven geographic distribution of primary care physicians, says Dr. Philomena Mariadoss, Dean, Madras Medical Mission, Chennai.
